Dear Dave:

Thank you for making our Monterey Retreat such a success and memorable event! It was apparent the troops enjoyed your message, they received value from the Systems you demonstrated so well and your delivery was exemplary. Hats off to you Dave!

I also appreciated you mixing with the Members after the session, I know you were tired but that meant a lot to them. I'm grateful to come to know you better and appreciated your comments and interest in us. Thank you for the wine too, it sits as promised.

Should any of our friends require your services, we will definitely mention our experience with you as nothing less than wonderful! Also, it would be our pleasure to recommend you to anyone your Staff requests call.

In consideration of your efforts and interests, remain

Respectfully,
